

DEATHS
PAUL H. SCHMOK.
Paul H. Schmok, 40, died at his residence, 504 W. Navarre st., Sunday morning at 3 o'clock after an illness of 13 months. He was born in South Bend Aug. 15, 1873, and had lived here 26 years. He is survived by his mother, Mrs. Tekla Schmok, of South Bend, and two brothers and four sisters. The brothers are Otto Schmok of this city, and Fred Schmok of Chicago. Clara, Emma, and Irene Schmok of South Bend, and Mrs. Harry Vrahns of Mishawaka, are the sisters. Funeral services will be held at the residence Tuesday afternoon at 2 o'clock. Rev. M. Goffney in charge. Burial will take place in the city cemetery.

LANSING.—Wives with husbands in Michigan prisons serving life sentences of vice versa, need not take action for a divorce, but are already legally separated, according to an interpretation of the law by Atty.-Gen. Fellows, although the constitutionality of the new law recently passed, has never been passed on by the supreme court.

RESINOL MAKES ECZEMA VANISH

Stops Itching and Burning Instantly.
There is immediate relief for skins itching, burning and disfigured by eczema, ringworm, or other tormenting skin trouble, in a warm bath with Resinol Soap and a simple application of Resinol Ointment. The soothing, healing Resinol balsams sink right into the skin, stop itching instantly, and soon clear away all trace of eruption, even in severe and stubborn cases where other treatments have had no effect. After that, the regular use of Resinol Soap is usually enough to keep the skin clear and healthy. You need never hesitate to use Resinol. It is a doctor's prescription, that has been used by thousands of physicians for years in the treatment of all sorts of skin affections. It contains absolutely nothing that could injure the tenderest skin. Practically every drug store sells Resinol Ointment (5c) and Resinol Soap (25c). For trial free, write to Dept. 24-R, Resinol, Baltimore, Md. Avoid so-called "substitutes" for Resinol, they are often of little use and even injurious.

Our aim is to give our patrons the BEST CANDY for the LEAST MONEY. Especially low prices during Holidays for candies purchased in large amounts. THE PHILADELPHIA. —Advt.

HIS MONEY WON'T BUY EVERYTHING

Health is Much More Valuable Than Wealth—Not Happy Without Health—The Man With Good, Strong, Vigorous Nerves Can Soon Get Wealth

Sordid persons have made the statement that money will buy anything. While this is partly true, and the person with money finds many doors open to him that would be slammed in his face were he poor, yet the most desirable things in the world cannot be bought at any price.

Every person who has been touched by the blighting hand of disease longs for health more than anything else in the world, but money can't buy health. How many have spent fortunes in a vain endeavor to regain their lost health, only to be disappointed again and again, and overtake by death at last.

Some there are who cannot be cured by any doctor or medicine, but there are also many who have been sick and suffering for years who can be quickly and permanently cured. That many cases that have been treated unsuccessfully by others have received permanent relief and cure at the hands of Dr. Bartlett is being proven every day. Mr. Jos. M. Gnoth of South Bend is one of the many who can testify to the merits of the methods used by Dr. Bartlett. He says:

"South Bend, Ind., Feb. 23, 1913.
"Some time previous to Jan. 14th, 1911, I had been confined to my home and bed with a violent attack of rheumatism. This condition had progressed until my whole general system was depleted, and I was practically a physical wreck as a result. I had almost despaired of finding anything or anybody who could relieve me to a state of health. I had been for some time under treatment with my family physician, but all his efforts to help me seemed to be in vain. At last, hearing of the remarkable results obtained in some cases by the United Doctors, I decided if possible to give my case into their charge.

I called Dr. Bartlett, the specialist in charge, to my home, where he gave me a careful and thorough examination. He decided that my case was one which presented many aspects not in common to the ordinary case of rheumatism, and that I would require a special line of medication which should be introduced into the system hypodermically.

"I decided to submit to this line of treatment, and I must say that the results have been little short of marvelous. After three weeks of treatment I was able to call at the office with the aid of crutches, and for the past six weeks I have been able to discard my crutches altogether. The doctor has just told me that I can return to work this week, and I am once more feeling like my old self.

BOYS BREAK INTO STORE--STEAL GUNS

The career of crime of two boys, 11 and 13 years old, was cut short Saturday evening when they were arrested by Officer Lane, charged with the burglary of the Whitmore & Co. and Meeks Bros. hardware stores, Dec. 1.

The boys told the officer of the hiding place of their plunder, which consisted of four repeating rifles, two canvas rifle covers, five boxes of cartridges, three watches and two flashlights.

The youngsters had been shooting in the afternoon near their homes and when the police learned they were using new guns the arrests were made on suspicion.

At police station the boys said they wanted the things to play with. They said they broke into the Whitmore store during the day time a week ago Sunday by crawling through a back window. The Meek burglary had been committed Thanksgiving night by crawling over some barrels to a window in the transom over a rear door. They will be given a hearing in juvenile court.

FEDS BLOCK VILLA'S PATH

(CONTINUED FROM PAGE ONE)
In pursuit of the federalists who fled northward from Chihuahua City and to have engaged in a sharp fight with them near Aldama pass on the Kansas City, Mexico & Orient railway, but Gen. Benevides denied receiving any word of the encounter.

Federalists Not Napping.
Ever since Villa was attacked by a strong federal force it is believed here that the constitutionalist general is too crafty to have been caught napping. On his way southward he took a long detour along the National railways line and stationed cavalry to strategic points.

WATCH MILITARY MOVES.
WASHINGTON, Dec. 8.—With the announced policy of the Washington government on the diplomatic side of the Mexican situation one of patient waiting, interest here chiefly centers in the rapidly moving military operations in northern Mexico.

The movement southward of Gen. Villa's constitutionalist forces, and the reports that Huerta generals are planning a concentrated obstruction to his march on Mexico City, with a possible flank movement by those bodies of federal troops hitherto reported as fleeing from Chihuahua. All to the border are being observed with marked attention by military officials here.

There is a general feeling among the high officials of the government here that the pendulum will swing back and forth for some weeks, constitutionalist successes being followed by federal victories—and that the process of forcing the Huerta government to yield will be a slow one.

MUST PROTECT FOREIGNERS.

MEXICO CITY, Dec. 8.—Foreigners must not be interfered with if fighting occurs in the federal district. This injunction is contained in one general army order issued Sunday. The orders specifically state that in the event of fighting the officers in command of the government troops must understand that the lives and property of all foreigners are to be respected, that no monies or supplies are to be exacted from them and that they must be permitted to leave the scene of the fighting at any time.

STORM IS ABATING.

VERA CRUZ, Dec. 8.—A heavy norther has been raging since Saturday, but began to abate towards nightfall. German, French and Spanish steamers from Havana have been hoisted outside, unable to enter the port. A large number of Mexican families have arrived here from the capital in the last few days. They report a considerable feeling of unrest there. Few Americans are coming. All the hotel accommodations have been taken.

The American consulate at Tampico, Clarence A. Miller, reports that he has received advices from the consular agent at Tuxtepec that large general reinforcements have arrived there and that the rebel forces under Gen. Aguilar are moving northward.

The consular agent says that the presence of the American warships has had the effect of checking insurgent depredations and recommends that they be retained indefinitely.

It is believed that the next point of attack will be Monterey and after that San Luis Potosi.

PRES. TURNS DOWN SUFFRAGISTS; DR. SHAW IS TEARFUL

(CONTINUED FROM PAGE ONE)
On the only occasion when he had been asked by congress to reveal his views on any question relating to suffrage he had decidedly favored a fair and full hearing of the subject.

Dr. Shaw Weeps.
With tears in his eyes Dr. Shaw then asked the president how they were going to get their cause presented to congress in a preparatory way since they had no one to speak for them and having no political power at the present time.

The president replied in a kindly way that she was speaking very well for herself and indicated that there should be no discussion on that score. The suffragists were deeply disappointed over the president's attitude and did not conceal their chagrin as they left the white house.

The leaders in the delegation besides Dr. Shaw, were Mrs. Medill McCormick and Miss Alice Paul. They marched to the white house two abreast with the exception of Dr. Shaw and Miss Paul, who came in a taxicab.

PERMANENCE AND BRIGHTS DISEASE

We have been asked if the recoveries in Bright's Disease made by Editors' Remedy Compound are permanent. Many cases have established permanence.

ROBERTSON BROTHERS CO.
Underwear & Hosiery Depts.
Doing a Tremendous Business

Carter's Underwear

SALVATION ARMY HAS STRAIGHTENED UP LIVES OF MEN

"A Wanderer" Tells of Work of Organization in Giving Men Shelter, Clothes and Encouragement.

To the Editor News-Times:

Dear Sir: Many of your readers, especially those who aid the work of the Salvation Army by contributions of clothes, old clothes, magazines, and the many other used or out of date things which accumulate continually in every home, may be glad to read a few lines from one who has been through the mills and has derived great benefit from the Salvation Army work.

Through the Salvation Army homes pass all sorts and conditions of men and no distinction is made as to creed, race or nationality.

Young and old receive such help as is possible and encouraged according to their needs in the struggle of life. The contributions provide work, clothing and food for many.

Since July 1st last, when Ensign McClements took charge here, over 75 men have received meals, many others supplied with necessary clothing, etc., a comfortable hotel or home is kept going, accommodating 33 men, outside of the clothing, etc., supplied at a very small price to others who have to make every cent count.

The clothing, magazines, papers, etc., are carefully sorted and what cannot be again used profitably here are baled and sent away to pass through manufacturing processes which make them again useful articles of commerce.

use a common expression, "up against it" for the first time and do not know which way to turn, far from friends, sick perhaps and helpless. "A friend in need is a friend indeed", and the Army is such a friend to thousands each month, as your representative if you help in any way.

Not His Fault.
It is not always the man's own fault that he is "down and out", temporarily at least, although in the majority of cases it is so perhaps.

Whatever the cause, it makes no difference so long as he is anxious to better his condition and needs help. Many a black sheep of the family becomes white and returns home after a long absence as a result of the efforts of the Army and many unnatural conditions affecting men are changed so that they are enabled to resume or occupy that place in life for which they are best fitted.

The Salvation Army is a great sifter of men, working outside of the churches, from which most of those who come to it have dropped, voluntarily or involuntarily.

Some have never been under the influences of early religious training and have had none or very little of other educational teaching so that they are badly handicapped in their efforts to understand things and elevate themselves morally and otherwise.

Having got in wrong grooves they are unable to find their way out without a teacher. Among them is many a rough diamond which, with a little cutting and polishing would be a gem.

All Grades of Society.
All grades of society are represented among those passing through the Salvation Army homes and, when aiding the work of the Army in any way, you may know that your efforts are not wasted and that is one great way in which you may aid humanity in general and promote the happiness of many individuals and families.

Thanking you for your courtesy, I am, sir, Yours very truly,
A WANDERER.

LANSING.—Sam Brimo, alleged to be one of Detroit's black hand Italians, escaped from the county jail by rushing the turnkey, and is at large.

OLD SOL SMILES AND STORM PASSES

(CONTINUED FROM PAGE ONE)
Father O'Neil of Notre Dame, who took his customary 16 mile walk to the St. Joseph farm and return.

"While during occasional spells the storm took on the aspect of a baby blizzard," he said Wednesday, "it was for the most part merely an old-fashioned snow storm, just blustery enough to arouse in a vigorous pedestrian the fierce joy of battle and send the blood racing through the veins."

Ordinarily on his way to and from the farm, Father O'Neil meets or is overtaken by a score of automobiles going to or coming from Granger, Edwardsburg and other places.

"It is an ill wind," he commented. "Yesterday I had the whole road to myself. Neither in going nor coming did I hear the familiar siren call of the speeding auto nor was there a single devil-wagon visible."

A temperature of 18 degrees was registered at 6 o'clock Sunday morning. This was the minimum for the day while the maximum was 25 degrees. Two inches of snow fell, but a powerful wind aided in doing considerable damage. The velocity of the wind at one time during the day was more than 35 miles an hour.

Of 30 wires out of the Postal telegraph offices but two were working at 6 o'clock Sunday night. All messages had to be relayed through Chicago and Toledo, the two cities which the company had communication with. The Western Union also experienced trouble but not to such a great extent.

A number of telephones of both the Home and Bell companies were put out of commission by the storm and a large force of workmen spent Sunday repairing the lines. Automobiles becoming stalled between the rails of the city railway tracks was a source of much delay in the local street car service.

Coldest For Season.
The temperature at 6 o'clock, 18 degrees above zero, was the coldest recorded this winter, according to Henry Swaim, local forecaster. The snow and wind storm was preceded by a heavy downpour of rain which started about 3 o'clock and continued until almost 5 o'clock during which time the mercury gradually dropped.

Forty at Station.
More than 40 half-frozen vagrants applied at the police station for shelter and were given sleeping quarters for the night. The Salvation Army and other charitable institutions of the city also sheltered homeless wanderers for the night.

BROTHERS AND SISTERS IN DOUBLE ELOPEMENT

DETROIT, Mich., Dec. 8.—Blossom Nellie Ray, 15 years old; Joy Peck, 14 years old; Fred Ray, 25, and Harold Peck, 22, two pairs of brothers and sisters, who mysteriously disappeared from Willoughby, Ohio, in October, are locked up at central police station pending an investigation of their conduct by the police. The young men declare their sisters left home Oct. 6 and that they have been searching for them since. They claim they found them in Wayne, Mich., and were on their way home when they ran out of funds and had no place to remain over night and applied to the police for shelter. The police are of the belief it may be a double elopement. The Peck girl blames her predicament on the Ray girl, declaring she took her to Cleveland to go shopping and later forced her aboard a Detroit bound boat.

Miss Ray insists the Peck girl was just as anxious to leave home as she was and paid her own fare. The girls were dressed as domestics and the boys were in working clothes.

FIRST TOUCH OF WINTER.

CHICAGO, Dec. 8.—The middle west got its first touch of winter Sunday. A drop of from 25 to 20 degrees in temperature in the last 24 hours, was reported. Snow accompanied the cold wave in most places.

In Chicago the mercury dropped to 18 degrees above zero and weather bureau officials predicted that it would go lower. There were constant flurries of snow during the day. The cold had the immediate effect of dispelling the fog that has kept the city in semi-darkness for many days.

Blizzard Sweeps State.
INDIANAPOLIS, Dec. 8.—A blizzard, accompanied by rain, snow and sleet, swept over Indiana Sunday, putting an end to the spring like weather and causing a big drop in temperature. The government thermometer here registered 18 degrees above zero Sunday night, a drop of 25 degrees in twelve hours.

Towns in the northern part of the state reported from 3 to 8 inches of snow and drops in temperature ranging from 35 to 50 degrees. The wind reached a velocity of from 30 to 40 miles an hour, but little damage was done.

FEAST OF IMMACULATE CONCEPTION OBSERVED

The feast of the Immaculate Conception was commemorated at Notre Dame today by a solemn high mass in the chapel of the Sacred Heart. Rev. John Cavanaugh, president of the university, acted as celebrant, with Rev. Thomas Irving as deacon and Dev. C. L. O'Donnell as sub-deacon. Father Lennartz delivered the sermon. Father O'Donnell will address the society of the Children of Mary at St. Joseph's church this evening. He will take for his subject, "Mary, the Ideal of the Children of Mary."

Rheumatism

Relieved in 48 Hours or Money Refunded

Money refunded if a dollar bottle of "Smith's Potassium Compound" fails to relieve you of Rheumatism, Gout, Lumbago or Sciatica in 48 hours. It stops the pain, removes the cause and when that is done, have no fear of rheumatic deformities. Full sized bottles sent direct, prepaid, by John A. Smith, 6585 E. Water St., Milwaukee, Wis., in case you cannot call at druggists named below.

"Smith's Potassium Compound" is guaranteed to be free from Morphine and other Narcotics, and many stubborn cases have been cured by a single one dollar bottle.

Sold in South Bend by Milton's Drug store, 117 W. Wash. Av., and L. C. Landon, cor. Mich. and Wayne sts.
